

## Product card

Notched Spatula, 2K Handle

index	6277
-------	------

### 1. Application

For evenly applying adhesives and mortars to surfaces during construction and finishing works.

### 2. Technical Data

- Blade: Stainless steel, 0.5 mm thick
- Aluminum profile
- Handle: Dual-component (2C) plastic PP, TPE
- Fastening: rivet, washer
- Length: 450 mm
- Notch: 4mm

### 3. Risk Analysis

- Sharp edges: Risk of cuts if used carelessly.
- Improper use: Excessive pressure may damage the blade.
- Inadequate storage: Moisture can cause blade corrosion.
- Risk of falling: Product may fall and damage the working surface.

### 4. Safety Guidelines

- Use as intended.
- Keep out of reach of children.
- Clean after use to remove material residue.
- Store in a dry place to prevent corrosion.
- Regularly check the blade's condition.

### 5. Storage Conditions

Store in a dry and well-ventilated place, away from moisture and chemicals.
