Packing Tape

index	21131
-------	-------

1. Application

For securing and sealing packages during transport and storage.

2. Technical Data

- Material: BOPP Film
- Adhesive: Rubber
- Tensile strength: High
- Color: White
- Width [mm]: 48
- Length [m]: 66
- Total thickness: 48µm

3. Risk Analysis

- Risk of package damage: Excessive pressure may damage the carton.
- Risk of weakened adhesion: Application on damp or dirty surfaces reduces adhesion.
- Risk of detachment: Exposure to high temperatures can weaken adhesive properties.
- Risk of injury:

4. Safety Guidelines

- Use only as intended.
- Apply on dry and clean surfaces.
- Use safe tools when cutting the tape.
- Avoid exposing the product to high temperatures.
- Keep out of reach of children.
- Store the tape to prevent tangling.

5. Storage Conditions

Store in a cool, dry place, away from direct sunlight and heat sources.
