Pad with Orange Rubber Sponge

index	21130, 6070
--------------	-------------

1. Application

For smoothing and polishing surfaces and removing residual mortars and plasters.

2. Technical Data

- Thickness: 18 mm
- Material: Highly abrasion-resistant rubber sponge
- Color: Orange
- Dimensions: 200x400mm

3. Risk Analysis

- Surface damage: Risk of scratching or damaging with excessive pressure.
- Tool contamination: May affect work quality.
- Contact with harsh chemicals: Potential degradation of the rubber.

4. Safety Guidelines

- Use as intended.
- Avoid use on surfaces with sharp edges.
- Regularly inspect the sponge and replace if worn.
- Protect from exposure to harsh chemicals.
- Clean and dry the tool after use.

5. Storage Conditions

Store in a dry and shaded place, protecting it from moisture.
