

## Product card

Stainless Steel Trowel with Wooden Handle and Aluminum Shank

index	6006
-------	------

### 1. Application

For construction and finishing works, such as applying and smoothing mortars, plasters, and adhesives.

### 2. Technical Data

- Blade: Stainless steel, thickness 0.7 mm
- Size: 130x270mm
- Shank: Aluminum alloy
- Handle: Varnished beech wood

### 3. Risk Analysis

- Sharp edges: Risk of cuts if not handled carefully.
- Tool damage risk: Improper storage may lead to deformation.
- Contact with corrosive materials: May cause blade corrosion.

### 4. Safety Guidelines

- Use as intended.
- Clean the tool after each use to ensure long-lasting performance.
- Inspect the tool before each use to ensure no damage.
- Store in appropriate conditions to avoid damage.
- Keep away from children.

### 5. Storage Conditions

Store in a dry place, away from moisture.
