System for tile leveling - Washer

index	6457
-------	------

1. Application

For protecting delicate ceramic tiles from damage during the use of the leveling system.

2. Technical Data

- High-quality Plastic PP
- Color: Transparent/milky
- Packaging: 50 pcs.
- Thickness: 1 mm

3. Risk Analysis

- Deformation of washers at high temperatures or direct contact with hot materials.
- Risk of inaccurate leveling due to improper placement of washers.
- Risk of washers warping when stored in improper conditions (e.g., in a humid environment).

4. Safety Guidelines

- Use as intended.
- Check the condition of the pads before each use.
- Keep the tool away from children.
- Remove pads from the system after use.
- Clean pads of adhesive residues after use.
- Store pads in their original packaging to prevent loss.

5. Storage Conditions

Store in a dry place, away from moisture and UV radiation.
