Aluminum Telescopic Pole

index	6500, 6501
--------------	------------

1. Application

For precise painting of large surfaces and renovation works.

2. Technical Data

- Material: Aluminum and polypropylene
- Sizes: 1m-1.8m, 1.5m-3m

3. Risk Analysis

- Risk of telescopic mechanism damage: Excessive force may cause jamming or damage.
- Risk of tool slipping from hands: Incorrect grip can lead to loss of control.
- Risk of falling from height: Improper roller attachment may result in it falling.
- Risk of pole overload: Excessive pressure during work may deform the pole.
- Risk of handle slippage: Wet or dirty grips can hinder use.

4. Safety Guidelines

- Use according to intended purpose.
- Ensure the telescopic mechanism is locked before starting work.
- Avoid excessive force to prevent pole damage.
- Regularly check roller attachment to prevent it from falling.
- Keep the tool clean after use.

5. Storage Conditions

Store in a dry place, away from moisture and contaminants.
