Corner Smoothing Roller

index	6209
-------	------

1. Application

For applying plaster in corners of walls and ceilings.

2. Technical Data

- Fabric: Nylon
- Cap: Polypropylene

3. Risk Analysis

- Risk of clogging the roller: Using too much material can clog the roller.
- Minimizing the risk: Apply the appropriate amount of plaster, avoiding overloading the roller.
- Risk of surface damage: Pressing the roller too hard may damage the surface.
- Minimizing the risk: Use the roller with the appropriate pressure, avoiding excessive force.
- Risk of uneven surface: Inaccurate application may cause unevenness.
- Minimizing the risk: Apply the plaster evenly, controlling the thickness of the layer.

4. Safety Guidelines

- Use as intended.
- Keep out of reach of children.
- Clean the roller thoroughly after each use to prevent material buildup.
- Avoid applying excessive pressure during use.

5. Storage Conditions

Store in a dry place, away from moisture.
