

## Product card

Facade Film with Adhesive Tape

index	
	5738, 5739, 5740

### 1. Application

Designed for covering and masking large, flat surfaces such as windows, kitchen cabinets, tiles, or wallpaper.

### 2. Technical Data

- Film material: Polyethylene
- Tape material: Fabric tape
- Adhesive: Rubber-based
- Film dimensions: 55 cm/15 m, 140 cm/15 m, 210 cm/15 m
- Tape width: 30 mm
- Film thickness: 30 microns
- UV resistance: 14 days

### 3. Risk Analysis

- Risk of detachment: The tape may lose its adhesive properties under improper surface conditions.
- Minimizing the risk: Ensure the surface is dry and free of dust.
- Risk of surface damage: The tape may leave adhesive residue on delicate surfaces.
- Minimizing the risk: Perform a test on a small area before use.
- Risk of film tearing: The film may get damaged if excessively stretched.
- Minimizing the risk: Use carefully, avoiding excessive tension.

### 4. Safety Guidelines

- Use as intended.
- Apply to dry and clean surfaces.
- Avoid prolonged use beyond the recommended 14-day UV resistance period.
- Avoid excessive stretching of the film during application.
- Keep out of reach of children.

### 5. Storage Conditions

- Store in a dry place, away from direct sunlight and moisture.
- Protect from high temperatures and mechanical damage.
