

## Product card

Gummed Metal Knife

index	6481, 6481B
-------	-------------

### 1. Application

Designed for precise cutting of construction materials, packaging, and plastics.

### 2. Technical Data

- Material: Zinc alloy, ABS, TPR, steel sheath
- Blade: High-carbon steel, 18 mm width
- Construction: Solid and lightweight
- Handle: Rubberized, ergonomic
- Integrated blade lock: Prevents uncontrolled extension

### 3. Risk Analysis

- Sharp blade: Risk of cuts during careless handling.
- Excessive pressure: Potential blade breakage and surface damage.
- Improper blade replacement: Risk of accident.
- Slippery handle surface: Increased risk of losing control.
- Usage without blade lock: Risk of accidental blade extension.

### 4. Safety Guidelines

- Use as intended.
- Always lock the blade before use.
- Replace the blade carefully, holding the tool securely.
- Keep the tool out of children's reach.
- Store in a clean and dry condition to ensure durability.
- Use protective gloves when working with the blade.

### 5. Storage Conditions

Store in a dry place, away from moisture and direct sunlight.
