Master Retractable Tape Measure

index	6443, 6443B
-------	-------------

1. Application

For precise measurement of length, width, and depth in construction and technical applications.

2. Technical Data

- Tape material: Flexible steel
- Casing: Dual-component plastic and rubber
- Size: 5m/25mm
- Mechanism: Automatic tape retraction

3. Risk Analysis

- Cut risk: Sharp tape edges may cause injuries if handled carelessly.
- Snapback risk: Sudden tape retraction may result in abrupt snapping.
- Casing damage risk: Improper storage or dropping may damage the rubber protective layer.

4. Safety Guidelines

- Use as intended, exercise caution while extending the tape.
- Keep away from children.
- Regularly check the retraction mechanism and tape condition to prevent malfunctions.
- Avoid applying excessive force during measurements to prevent tool damage.

5. Storage Conditions

Store in a dry place, away from moisture and dust, to extend the tool's durability.
