

## Product card

Steel Telescopic Pole

index	5311, 5312
-------	------------

### 1. Application

For precise painting of larger surfaces and renovation works.

### 2. Technical Data

- Material: Steel and polypropylene
- Sizes: 1m-1.8m, 1.5m-3m

### 3. Risk Analysis

- Risk of handle slipping: May result in loss of control over the tool.
- Risk of telescopic mechanism jamming: Improper use may cause damage.
- Risk of structural overload: Excessive force can bend the pole.
- Risk of tool falling: Incorrect roller attachment may cause it to fall from height.

### 4. Safety Guidelines

- Use according to intended purpose.
- Ensure the telescopic mechanism is properly locked before starting work.
- Avoid excessive pressure during use to prevent pole damage.
- Check roller attachment stability before use.
- Keep the tool clean to ensure long-lasting performance.

### 5. Storage Conditions

Store in a dry place, away from moisture and chemicals.
