

Product card

HDPE Protective Film 4x5m

index	5071
-------	------

1. Application

For protecting surfaces during construction, painting, and renovation works.

2. Technical Data

- Material: HDPE (high density polyethylene)
- Color: White
- Dimensions [m]: 4 x 5
- Area: 20 m²
- Resistance: Water and dust resistant

3. Risk Analysis

- Slipperiness of the material: Risk of slipping when walking on the film.
- Tear: Risk of damage to the film when in contact with sharp objects.
- Improper use: Increased risk of ineffective surface protection.
- Loss of properties: Risk of weakening the film due to high temperatures and UV radiation.

4. Safety Guidelines

- Use as intended, as surface protection.
- Do not walk on the film without appropriate footwear, to avoid slipping.
- Keep out of reach of children.
- Avoid contact with sharp objects, to avoid damaging the film.
- Do not expose the film to prolonged exposure to sunlight or high temperatures.
- Store in original packaging until use, to maintain its properties.

5. Storage Conditions

Store in a dry and cool place, away from heat sources and sunlight.
